Phone: 0309-1406417

Lahore, Pakistan

PROFILE

Highly motivated and detail-oriented Food Scientist with a strong academic background in Dairy Sciences and Food Science & Technology. Experienced in teaching at primary level with strong communication, analytical, and problem-solving skills. Actively engaged in food science research focusing on dairy product development, physico-chemical analysis, and shelf-life stability.

EDUCATION AND TRAINING

- M.Phil Food Science & Technology 2023-2025

Cholistan University of Veterinary and Animal Sciences, Bahawalpur.

- B.Sc. (Hons) Dairy Sciences 2019-2023

University of Agriculture, Faisalabad.

- Intermediate (Pre-Medical) 2015 -2017

Punjab Group of Colleges

- Matriculation 2013-2015

Army Public School Mehfooz Shaheed Garrison.

RESEARCH PUBLICATIONS (Under review)

- Physico-chemical characteristics and shelf stability of Cheddar cheese supplemented with date paste and olive paste
- Physico-chemical characteristics and shelf stability of Cheddar cheese supplemented with different herbs

INDUSTRIAL EXPERIENCE

Intern, Sapphire Dairies Farm, Lahore

- Gained practical exposure to dairy farm operations, milk production management, and quality assurance practices.

Research Trainee, Crown Cheese Factory, Pir Mahal

- Participated in cheese formulation and product development activities.
- Assisted in quality evaluation and production processes of dairy products.

RESEARCH INTEREST

- Dairy Technology
- Cheese and Fermented Dairy Products
- Functional Foods
- Food Preservation and Shelf-Life Studies
- Food Quality Assurance
- Food Safety and Hygiene

SKILLS

- Food Science & Dairy Technology
- Food Safety Principles and Techniques
- Modern Lab instruments handling
- Physico-chemical & Dairy Analysis
- Scientific Writing & Communication
- Public Speaking
- Leadership & Teamwork
- MS Word, Excel, Canva
- Languages: English, Urdu, Basic Chinese
